

# LAB 6 Tuesday

2014/5/6

Try your best to finish today's LAB like the picture below.

## Requirement:

1. There are 5 classes in your **Java application program**.  
**Lab6, Control, Oval, Rect, Shape (Oval & Rect extends Shape)**
2. There are 6 buttons (down, default, up) and many panels.
3. You need to use **Layout** like BorderLayout, GridLayout, FlowLayout...

## HINTS:

**More about Layout...**
